Re: Weatherspoon & Williams LLC – Bondability

Dear Don:

Please allow this letter to serve as an indication of the ability of Weatherspoon & Williams LLC to provide surety bonds as required for projects that you may bid.

We are currently in the process of reviewing your underwriting package and the information to date indicates that we would be able to provide bonding for contracts up to \$5,000,000.

We anticipate using United States Fire Insurance Company, NAIC #: 21113 as your surety company. They are rated by AM Best Company as A (Excellent) with a financial size of XII (\$1 to \$1.25 Billion in surplus). Their US Treasury limit is \$121,886,000.

This letter should not be construed to be a commitment to become surety on any specific project. The surety expressly reserves its rights to modify its plans prior to issuing any bonds contingent upon review of the terms and conditions of the contract, bond forms, pertinent underwriting information, and financing for a project.

If you should desire further information, please feel free to contact me.

Sincerely,

Kevin S. Keller
